In the 2004 legislative session, legislation was passed that **affected the Arkansas self-storage industry!** We did not have a voice in the legislative process because we did not have a lobbyist to represent our views! Please **join our association** so that we will be a strong voice to avoid such legislation in the future. **We need your support** and input to gain strength in numbers to become a voice of one in the self-storage industry in **Arkansas**.

As a member of the **Arkansas Self Storage Association** you will become a powerful **VOICE** with legislation that affects the self storage industry in Arkansas.

Members benefit from a wide range of **educational opportunities and activities** that help owners/members **understand the best methods and practices** in the self storage business, helping managers and owners improve their business operations and bringing them in line with **National Self-Storage industry standards**.

The association has **frequent networking and idea-sharing opportunities** which are **great benefits** to the owners and managers to expand upon ideas and **get acquainted** with fellow self-storage facilities.

Finally, the best benefit of being a member of the **Arkansas Self Storage Association** is that you will have an **outlet for asking questions** involving self storage issues. The ASSA staff will be able to **answer most of your questions** and **refer members** to the **appropriate resources**. (For example legal issues, lien laws, contracts, etc...)
